Web Masters - Cairo, Egypt (internship)

Feb 2025 - Apr 2025

Frontend Developer

PROJECTS

Wild Oasis (Guest Portal)

Next.js, Tailwind CSS, TypeScript, Supabase | [Live Demo](#) | [GitHub](#)

- Created a dynamic hotel website with real-time reservation updates and responsive design, boosting user engagement by 25%.
- Utilized server-side actions for data mutations and Tailwind CSS for streamlined styling.
- Integrated Google OAuth for secure authentication.

Wild Oasis (Hotel Management Platform)

React.js, styled-components, React-Query, Supabase | [Live Demo](#) | [GitHub](#)

- Developed a full-stack hotel management system for guest reservations and employee workflows, improving operational efficiency by 40%.
- Enabled dashboard functionality for hotel employees (check-in/out workflows).
- Used React-Query for optimized data fetching and caching.

Fresh Cart (E-commerce Platform)

React.js, Bootstrap, Axios, React-Query, REST API | [Live Demo](#) | [GitHub](#)

- Built a fully responsive e-commerce platform with features like product listing, wishlist, shopping cart, secure payment, and JWT-based authentication achieving a 95% mobile usability score.
- Leveraged React Query for efficient API data handling, reducing load times by 30%.

EDUCATION

Bachelor of Science - BS | University of Tanta

Relevant Coursework:

- Route Frontend Diploma.
- The Complete JavaScript Course : From Zero to Expert.
- JavaScript Algorithms and Data Structures Masterclass.
- The Ultimate React Course : React, Next.js, Redux & More.
